

CEMETERY SAFETY TRAINING REGISTRATION

**FOOTPRINT
TRAINING**

Training Details

The Cemeteries and Crematoria Association of South Australia has been successful in receiving a funding grant through Service Skills SA "Industry Skills development Grant" in the amount of \$15,000, to subsidise the cost of offering an accredited Cemetery Safety course to CCASA members, promoting safe working practices in cemeteries.

The course provides industry best practice and gives an understanding in:

- **Grave Preparation:** Aesthetics and Presentation
- **Soil Conditions and Shoring Requirements:** Considerations for Different Soil Types / Shoring Requirements and Options, Pros and Cons of Different Equipment
- **Trench Collapse and Consolidation:** Management of a Collapse
- **Exhumation:** Regulations and Requirements / Biological Hazards and Controls
- **Mausoleum:** Preparing and Reinstating Vaults or Crypts / Regulations and Requirements
- **Dealing with Grief in the Workplace:** Techniques for Dealing with People with Mental Health Issues / Techniques for Dealing with People Affected by Alcohol or Drugs in the Workplace
- **Legislation:** Employer and Employee Responsibilities / Best practice for Following Work Health and Safety Procedures / Risk Assessments
- **Working in Confined Spaces:** Is the Space a Confined Space? / Regulations and Requirements

Cost of Training

The course is normally \$550 per person. CCASA is offering 60 training places at a subsidised cost of \$300 per person. Funds received from ServiceSkills SA will be used to cover the remaining balance of \$250 per person

CCASA Member Price: \$300 per person

Location: Training will occur in the Northern and Southern areas and metropolitan area

Dates: To be Confirmed depending on registration locations and numbers
